

# WG-540S Air-s

PRODUCT TECHNICAL SHEET

WG-540S Air Lite is a single nitrile coating on a 15-gauge nylon, spandex polyester liner. The in house engineered foam nitrile of WG-540S allows improving breathability, helping to keep the user's hands dry, even in warm conditions.

WG-540S is a particularly recommended for prolonged use, performing precision tasks in dry environment.

## APPLICATIONS

- Automotive
- Mechanical industry
- Maintenance
- Aeronautical
- Assembly and installation in dry and slightly oily environments

## INFORMATION

### Coating

Nitrile single dip, Palm fit

### Liner

Nylon, Spandex, Polyester Black&White

### Gauge

15

### Packaging

12 pairs / polybag

144 pairs / box

## DIMENSIONS Tolerance ± 5 %

SIZE	6 / XS	7 / S	8 / M	9 / L	10 / XL	11 / XXL
<b>Hem Color</b>	Red	Violet	Black	Grey	Yellow	Cream
<b>Overall Length (mm)</b>	220	230	240	250	260	270
<b>Palm width (mm)</b>	80	85	90	95	100	105
<b>Length of middle finger (mm)</b>	70	73	78	81	85	91
<b>Thickness (µm)</b>	1210	1190	1200	1190	1210	1160
<b>Weight (g/paire)</b>	30	35	40	45	50	53
<b>Liner Weight (g/paire)</b>	20	24	26	28	30	32
<b>Coating Weight (g/paire)</b>	10	11	14	17	20	21
