

Soft Scrubs™

Made of incredibly soft material for the comfort and safety needed to work long hours.

Soft Scrubs™ provides modesty with complete “no show through” coverage. This clothing can be worn as a protective undergarment where sterile gowning is used. After each use, clothing can be disposed of to help reduce the spread of germs, bioburdens, or contagions. Recommended use areas include pharma, labs, healthcare, controlled environments, and more. All garments are made of anti-static fabric and include a convenient cloth loop for hanging up clothes.
