

WG-550 AIR LITE

WG-550 Air Lite is a single nitrile coating on a 15-gauge nylon and polyester liner. WG-550 Air Lite offers great elasticity, making hand movements easier, hence increasing the dexterity needed when performing precision tasks. The improved coating and liner are designed to give the greatest breathability and make it the most comfortable glove to wear for prolonged periods.

KEY FEATURES

- ✓ Thin and soft liner offering suppleness, dexterity, and 360° breathability
- ✓ Enhanced hand movement for improved dexterity and reduced hand fatigue
- ✓ Maximum mechanical performance and extreme breathability
- ✓ High grip performance for precise handling in dry-to-wet applications
- ✓ Optimised fit for improved dexterity and reduced hand fatigue

TYPE OF PROTECTION

- General purpose

APPLICATIONS

- Mechanical industry
- Assembly
- Warehousing-packing-and-logistics
- Aerospace
- Automotive

NORMS AND CERTIFICATIONS

EN 388

INFORMATIONS

• Support	Polyester, Nylon
• Coating	Nitrile, Palm coated
• Gauge	15
• Size	6, 7, 8, 9, 10, 11
• Packaging	144 pairs / box, 12 pairs / polybag
